Assignment 2

Task 1: Promotions

- Implement the Schema and Model for Promotions in promotions.js in the models folder

```
{
    "name": "Weekend Grand Buffet",
    "image": "images/buffet.png",
    "label": "New",
    "price": "19.99",
    "description": "Featuring . . ."
}
```

- Update promoRouter.js to interact with the MongoDB:
  - http://localhost:3000/promotions
  - http://localhost:3000/promotions/:promoId

Task 2: Leaders

- Implement the Schema and Model for Leaders in leaders.js in the models folder

```
{
    "name": "Peter Pan",
    "image": "images/alberto.png",
    "designation": "Chief Epicurious Officer",
    "abbr": "CEO",
    "description": "Our CEO, Peter, . . ."
}
```

- Update leaderRouter.js to interact with the MongoDB:
    - http://localhost:3000/leaders
    - http://localhost:3000/leaders/:leaderId
